

**K-PARGI SAFETY REGULATIONS**

**This document is K-PARGI property**

Each visitor has to undergo training (instruction), prior to getting over the routes.

1. It is forbidden to get over the routes without training.
2. You must be sure, that you've understood all regulations in the course of training.
3. In case of unclarity - ask!

You are responsible for yourself and your children in the territory of the park.

In case of incorrect actions of the park visitor, violation of these regulations and verbal instruction provisions, resulting in an accident and impairing property, health of the visitor or surrounding visitors and the park employees, responsibility for the consequences of the accident shall be born by the abuser. Children up to the age of 18 years can get over the routes only with the written consent of the parents (guardians).

Children up to the age of 14 years are allowed to get over the routes only accompanied by an adult, responsible for their activities, their life and health during the route getting over. (At that, one adult can accompany not more than 4 under-aged). The children may be accompanied by parents (guardians), relatives, indicated in the parents' written consent to get over the route by the child, or educators responsible for children's life and health on the basis of the order of the organization arranging the visit. In case of child's wrongdoing, violation of safety regulations and verbal instruction provisions, resulting in an accident and impairing property, health of the child or surrounding adults, responsibility for the accident consequences shall be imposed on the adult accompanying the child. Payment made by the visitors for the park use, shall be returned only in case the use of the park was impossible due to the circumstances depending on the park administration.

Equipment application: All equipment used in the park complies with the European Standards (EN).

You obtain intact equipment suitable for its application. Climbing harness ("Harness") has three loops: one at the waist and one for each leg. The "harness" shall be tight fastened. In case you are not sure that your harness is fastened tight, ask the instructor for help. In the course of route getting over you must always be harnessed to the safety cable with at least one quick link. In the course of getting over long sections without re-harnessing you must be harnessed to the safety cable with two quick links.

- Prior to getting over the route you must present the equipment to the instructor.

- Park instructors have identifying marks (badges). In the course of route getting over you must follow all instructors' requirements, indicated as safety requirements.

Routes getting over:

- Next complexity level route getting over is only permissible after getting over all routes of previous complexity level.

- Prior to getting over each phase make sure you are harnessed.

- Move calmly, control your individual equipment.

- At various route sections only one or two persons can move simultaneously along one cable section. The sections permissible for two persons passing shall be enumerated by the instructor during the verbal instruction.

- Only two persons may stay simultaneously at the platforms.

The park is equipped with mechanical devices. These devices are major hazards by nature in case of abuse. Make sure that you've properly understood everything during verbal instruction prior to applying these devices. In case of detecting any defects in the park equipment immediately inform the personnel.

The ticket office is closed one hour prior to the park closing. Access to the routes for the visitors shall be closed one hour prior to the park closing. 10 minutes prior to the park closing you must leave the routes to have time to hand over the equipment.
